'Actually my name isn't Hazel, but my friends have been calling me a bit of a nut for so long it's stuck. I got that nickname originally after a wild party at a stately home in Dorset. The host thought up a new party game which involved six well hung guys, an outdoor swimming pool, a dozen magnums of Pol Roger and little me, I won't give away any secrets, but let's just say that there wasn't a drop of fluid left anywhere except the water in the swimming pool. Cocks and bottles were emptied very swiftly! That was a few years ago, and like the name, my behaviour hasn't changed.' ♣

Sue
'BENNY HILL SHOW'
Bond

Photographs by George Harrison Marks

Aficionados of the *Benny Hill Show* will need no reminding of the beauties he surrounds himself with in order to keep his show well up in the ratings. (We did hear he was offered a new joke for his series, but their budget didn't stretch that far!) So here, unveiled for your viewing pleasure, is one of the lustiest examples of Benny's window dressing, the delectable Sue Bond. And instead of just a teasing glimpse of luscious thigh encased in sheer nylon – pleasing as that may be – we reveal Sue in all her naked glory! ♣
